Hi Tom,

Was just talking with Mike and he forwarded me your voicemail about delaying your visit with the Spokanes. So no need to talk today. Thanks and have a nice weekend.

Hi Tom,

Dan let us know that you were planning to meet with the Spokane Tribe next week. Mike and I were hoping to chat with you about what you are planning to discuss and whether there would be an opportunity to add a few related issues to the agenda. Do you have time to talk today? Thanks.
